

## Proposed Study Plan

You should list on this form the course units you wish to study at The University of Manchester during your semester/year with us.

For information on course units available, please navigate to <http://www.manchester.ac.uk/international/studyabroadandexchanges/>.

Firstly, select whether you are a study abroad, exchange or Erasmus student.

**Study abroad and exchange students** should select the 'Course Units' menu option and navigate through to 'Browsing Course Units'.

**Erasmus students** should select the 'Choosing your courses' menu option, download the 'Erasmus partners subject list' pdf document, and click on the 'Course Unit listing' column hyperlink next to their home university. You may also download the 'Erasmus Students – Choosing your Course Units' document, which shows the course units outside your main discipline for which you can apply.

**Your name:** \_\_\_\_\_

**Home university:** \_\_\_\_\_

*You can list up to 6 course units per semester at this stage. You must make sure that the total number of credits you are listing per semester does not exceed 80. You can also indicate a maximum of 2 course units as alternatives. List your choices in the relevant sections below. Mark essential courses with an asterisk\**

### Semester 1:

| Course Unit Code | Course Unit Title | Manchester Credits |
|------------------|-------------------|--------------------|
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |

### Semester 2:

| Course Unit Code | Course Unit Title | Manchester Credits |
|------------------|-------------------|--------------------|
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |
|                  |                   |                    |

### Alternatives (either semester):

| Course Unit Code | Course Unit Title | Manchester Credits |
|------------------|-------------------|--------------------|
|                  |                   |                    |
|                  |                   |                    |

There is a two-week 'add-drop' period after the start of teaching, but this is primarily to enable you to adjust your course load to take account of timetable clashes. It may be possible in certain circumstances to add or drop courses for other reasons, but you should anticipate that after you have received approval for course units there will be little change to these units after you arrive in Manchester, except for scheduling conflict purposes.

It is important to discuss your course unit choices with your academic adviser at your home campus to ensure that the courses that you take whilst you study at The University of Manchester are approved for credit transfer.
